

SANUVOX

QUATTRO

IN DUCT purification
UV air sterilization system

The QUATTRO is designed as a Light Commercial / Residential In-Duct UV Air Purifier. This unit can treat the entire duct at one time, destroying up to 99.9% of the biological and chemical contaminants in the air-stream.

Includes three (3) UVC Germicidal Lamps and one (1) UVC / UVV Lamp, which are attached to four (4) Anodized Aluminum Parabolic Reflectors and are mounted parallel to the air-stream.

Adjustable mounting brackets permit the Lamps and Reflectors to be extended up to 15" from the duct wall so the assembly can be positioned in the center of the duct-work, creating a wall of Germicidal UV energy up to 24" deep.

QUATTRO GX FEATURES

- Treats the entire duct at one time
- Destroys up to 99.9% of bio-contaminants
- Destroys chemicals & biological odors
- Installed PARALLEL to the air-stream = greater 'Dwell Time' between the air & the UV Lamps
- Reflectors intensify & maximize UV Energy
- Pressure Sensor turns purifier On & Off.
- LED 'Smart System' Status Visual Display
- Clutch allows lamp assembly to be positioned in the center of the duct
- Warranty : 1 Year
- Lifespan : 17000 Hours
- ETL certified
